

DIPPEREDGE™

Increase safety, productivity and maintenance savings.

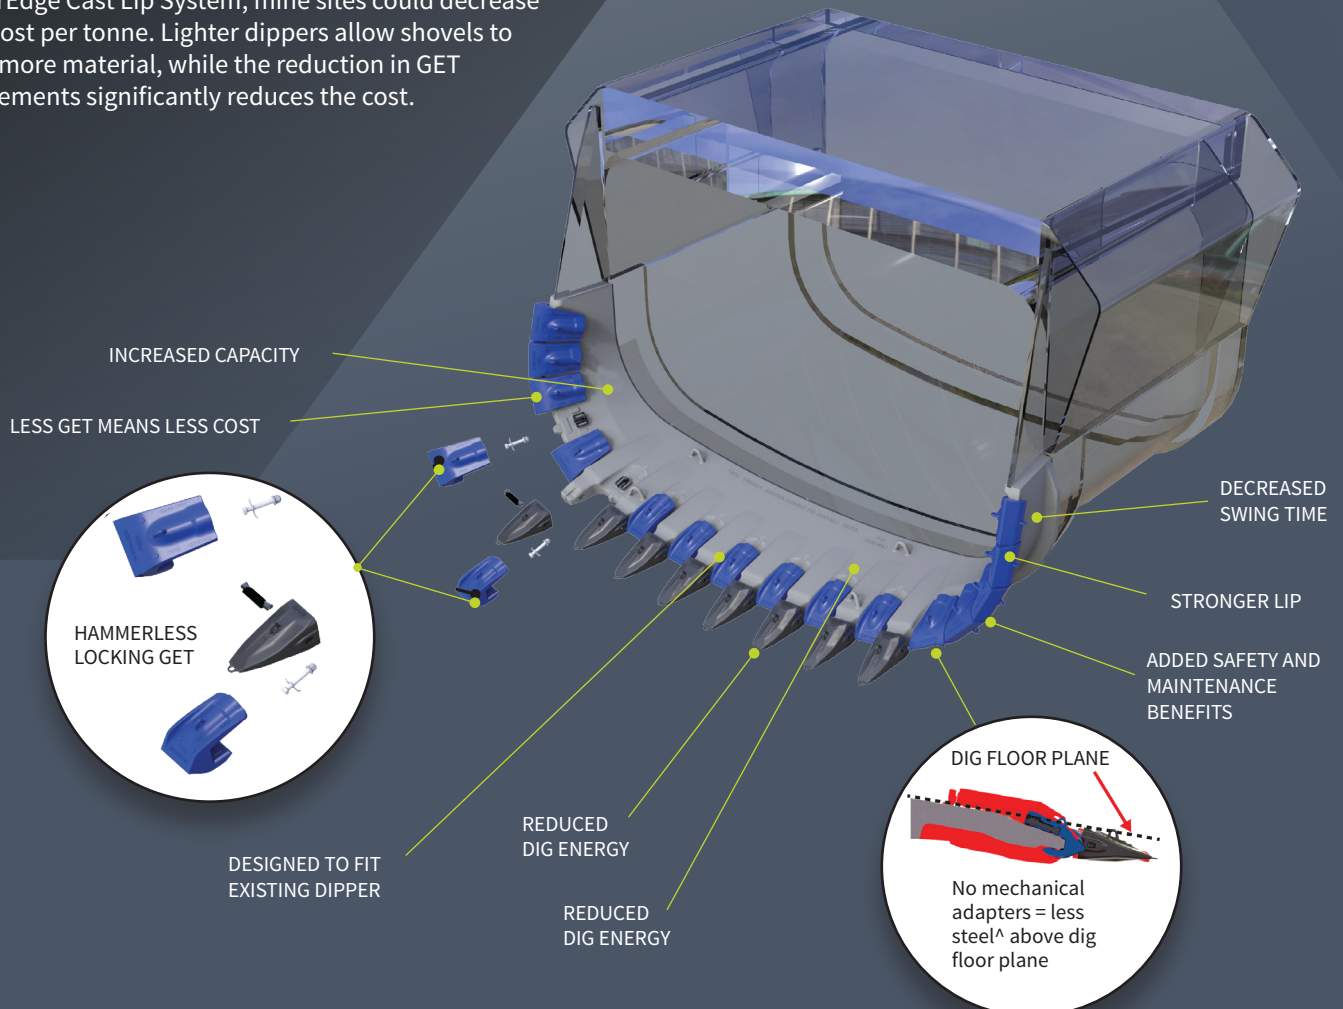

DipperEdge gives you:

- No heavy mechanical adapters
- 70% fewer parts
- 15% lighter lip*
- Faster cycle times

*Compared to Conventional Whistler Lip

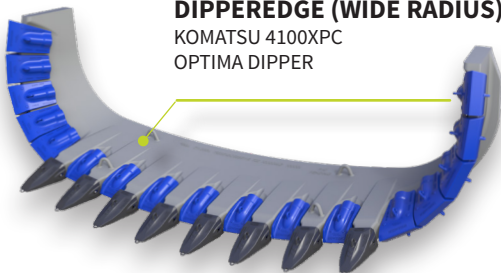

TRANSFORM THE STANDARD

With the removal of adapters and the slimline profile of the DipperEdge Cast Lip System, mine sites could decrease their cost per tonne. Lighter dippers allow shovels to move more material, while the reduction in GET requirements significantly reduces the cost.

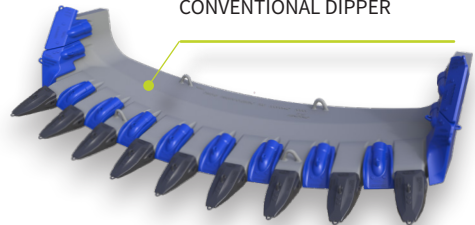

DIPPEREDGE (WIDE RADIUS)

KOMATSU 4100XPC
OPTIMA DIPPER

DIPPEREDGE (SQUARE EDGE)

CAT7495 AND KOMATSU 4100A/XPB
CONVENTIONAL DIPPER

CR Mining is on a mission to revolutionize mining productivity.

We engineer the most advanced surface and underground mining solutions for the world's best miners to unlock productivity, enhance safety, and reduce maintenance requirements.
