

# WEARPACT™

Reduce total cost of ownership. Increase productivity.

CR Powered by Epiroc's world-class GET technology enables our partners to reduce the total cost of ownership and improve productivity across their entire underground fleet.

- Reduce total cost of ownership
- Increase reliability and machine availability
- Longer wear life
- Improve productivity

Wearpack is a safe, high quality, bolt-on GET system that is proven to deliver exceptional reliability, cost of ownership, and productivity results on mine sites around the world.

Wearpack is available in a range of duties, from 7T to 21T+ machines.

## FEATURES

### Protect your bucket

Reduces maintenance and downtime. Improves loader availability and reliability.

### Superior material

Hard-wearing, impact-resistant steel improves life and reduces downtime costs.

### Low profile

Low profile design makes your machines work easier, reduces waste, and improves productivity.

### Consistent wear

Designed to wear from the bottom up – so the more it wears, the sharper it gets. Consistent wear across edge. Patented Wedge Retainer system ensures better GET attachment given multiple fastening points. Solid wrap style corners for long life.

### Easy-to-use locking system

Patented Wedge retainer system that is reliable and easy to install and remove. Wherever you change your GET, rest assured it can be done safely and easily.

**Reduce Total Cost of Ownership**

**Increase Wear Life**

**Increase Reliability**

**Increase Safety**

**CR Powered by Epiroc is on a mission to revolutionize mining productivity.**

We engineer the most advanced surface and underground mining solutions for the world's best miners to unlock productivity, enhance safety, and reduce emissions.
